Prominent Local Business Man Passes Away

CITY IS SHOCKED TO HEAR
OF DEATH OF OSCAR P.
NYSTROM

Although Oscar Phillip Nystrom, development engineer of the Holland Furnace Company, had been ill for some weeks, his death at Butterworth hospital, Grand Rapids, where he was confined, came as a shock to his many friends and relatives in this city and wherever the Holland Furnace Co. has its business interests, which is extensive.

Mr. Nystrom was an able engineer, an inventor of note, and it can be said that in his particular vocation he has been very successful. He was a quiet unassuming man, but ever ready to help promote civic enterprise whenever called upon to give of his time and money.

Mr. Nystrom was born in Sweden and came to this country with his mother, sisters and brother about 33 years ago. After a number of years in Chicago, Mr. Nystrom came to Holland in 1906 as a young man and started work for the Bush & Lane Piano company. Later he became associated with the Holland Furnace company. He was with this company about 25 years. He was a member of Grace Episcopal church, in which he was a junior warden of the vestry, a member of the Masonic lodge and a member of the Order of Eastern Star and a member of the Knights of Pythias lodge. Surviving are his widow, a daughter, Miss Leona Nystrom of Grand Rapids; a nephew, Martin Nystrom of Chicago, and three sisters, Mrs. Louise Paxen of Rockford, Ill.; Mrs. Clarence Freed of Moline, Ill.; and Mrs. Anna Carlson.

The funeral services will be held this Friday, afternoon. Short prayer services will be held at the home and at 2 o'clock at Grace Episcopal church, where Rev. J. K. Coolidge, former pastor, now at Muskegon, will pronounce the funeral service. He will be assisted by Rev. J. Wendel Davis, the present rector of Grace church. Interment will take place in the family plot in Pilgrim Home cemetery, where he will be laid to rest beside his son, John Kolla Nystrom.

The body will lay in state at Dykstra's funeral home this morning from 11 until 1 o'clock. The active pallbearers will be employees of the Holland plant with whom Mr. Nystrom was constantly associated. They are Philip Crowl, Martin De Lin, Joseph Dore, Gerit Jaarda, Arthur White and A. E. Fitzgerald.

HONORARY PALLBEARERS are John P. Kolla, Charles H. Landwehr, Arthur W. Wrieden, Ernest H. Sulzers, C. M. Selby, M. H. Pellegrin, Victor W. Chervin, George Thibault and C. R. Bennett.

The floral tributes indicating the esteem in which this man was held are arriving from home and abroad. The flower pieces are many and beautiful.

Holland public and Christian schools are closed Thursday and Friday this week while teachers attend the annual teachers institute at Grand Rapids. The bell will ring again next Monday, however.

**NEW STRUCTURE NOW RE-
PLACES OLD DAUGHTERS
DO THE PAINTING**

The bustle and haste that followed the destruction by fire of Ben G. Velthous's barn near Zeeland last July, has finally subsided with the completion of a large new barn, better and larger than the one it replaces.

The contractors were John and Peter Lamer of Borculo, and they were assisted by the owner, Mr. Velthous, and his brother, Fred, of North Blenden, and Joe Klinge of Holland and Bert and Elvert Holstere of Rusk.

STOPS CAR TO LET DEER PASS

Carl Harrington, who has spent four years in California, has been doing some mountain climbing with his car, according to a letter written to his father, Austin Harrington of Holland. He stated that he drove up into Mt. Bolder near Pomona and upon returning he had to stop his car twice to allow herds of deer to pass. In one herd there were 15. All are protected in that country and have become very tame.

STRANGE AUTO FIRE AT WEST OLIVE

A peculiar accident occurred at West Olive, Saturday evening when a new Chrysler coupe driven by a Zeeland young man was almost completely destroyed by fire. The car was driven at a moderate rate of speed when the steering wheel broke and caused the car to turn completely over. The gas tank contained almost ten gallons of gasoline which exploded causing the fire. The young man was only able by frantic efforts to extricate himself, fortunately without injuries. Neighbors quickly gathered and started a sand brigade, but only several tires were saved.

Ottawa County Carriers Hosts To Neighbors

FOR COUNTIES TO BE REPRESENTED AT BERLIN BANQUET HOLLAND CARRIERS WILL GO IN BODY

The Ottawa County rural mail carriers are sponsoring a get-together meeting and banquet on Wednesday, Nov. 2nd, at Marne (Berlin), Michigan. This meeting is called principally as a fraternal non-partisan event, in which it is hoped that carriers, who have everything in common, may be more closely allied with fellow carriers. It is also intended to have more intimate association and closer cooperation with the Post Office Department which they serve. This invitation is extended to rural carriers not only of Ottawa County, but Kent, Allegan and Muskegon counties as well. It goes without saying that the ladies auxiliary of the R. L. C. A. are receiving a joint invitation with the rural carriers to attend this event. The outstanding feature of this meeting will be the guest speaker, Congressman Carl E. Mapes. With Mr. Mapes will be the former Senator Wm. Connolly, now Ottawa county road commissioner and possibly Wm. Armstrong of Niles, State President, and Thomas Abbe, State Secretary, of Eau Claire, Mich.

The banquet will be held in the Methodist church of Marne. Holland and Zeeland carriers and auxiliary will go in a body to Berlin. It goes without saying that the gathering will be replete with fine food, fine speaking and fine music. Ottawa carriers and their helpmates extend the hand of welcome and bid them come and experience a real Ottawa county reception.

REV. MULDER INSTALLED PASTOR AT TYRE, N.Y.

Rev. Johan Mulder, formerly of Zeeland, was ordained to the ministry of the Reformed Church in America, and installed as minister of the Tyre, N. Y., church by the Classis of Rochester on Oct. 19, 1932. The examination in the required branches was well sustained. Among those who took part in the service at night were Rev. Benjamin De Young of Newark, N. Y., who preached the sermon, Rev. R. D. Van Wageningen of Interlaken, N. Y., who charged the congregation, and Rev. R. J. Van Farowe of Williamston, N. Y., who charged the new pastor. The president of Classis, Rev. M. A. Punt, presided.

Tyre is located about forty miles east of Rochester, N.Y., in a fruit and dairy region. Rev. Mulder and wife were well received by the members of Classis and the new congregation. Mrs. Mulder was the former Miss Josephine Ter Avest of Coopersville.

A REAL MYSTERY PLAY WITH PLENTY OF GHOSTS TO BE PRESENTED

The cast for "Ghost House," the thrilling home talent mystery drama, sponsored by the American Legion and the American Legion auxiliary, which is to be presented at the high school auditorium on Nov. 10 and 11, has been definitely chosen.

Miss Mildred M. Dodd, the director, and the members of the legion and the legion auxiliary have succeeded in securing the best talent in Holland for this production.

Barbara Brown, played by Miss Myra Ten Cate, is the girl whom everyone loves and admires. Ted Wilson, played by George Davidson, is a newspaper reporter who has come to get a reading of the will and falls in love with Barbara, and stays to help clear up the mystery. Martha Brown, portrayed by Mrs. George Pelgrim, is the aunt of Barbara and a very lovely lady. Chester Van Tongeren as Donald Kent, the nephew and in love with Barbara, gives a very realistic portrayal of the man-about-town. Charles Van Lente is very good as Oliver, the English butler, and Paulette, the maid, played by Mrs. Ernest C. Brooks, is a scream in her love scene with the butler. Miss Ethel Metz as Mrs. Bates, the domineering wife and social leader, and Justin Van Der Kolk, of Zeeland, as Richard Bates, her hen-pecked husband, keep everyone in gales of laughter. Mr. George Pelgrim as Inspector Brooks is quite hand in glove with the butler. Miss Edith Shackson, as Manda, the superstitious colored cook, makes everyone shiver with her moans and groans. Mr. Vernon Ten Cate as Benton D. Thompson, the lawyer, completes the cast with a very realistic portrayal.

The cast is working every night in an endeavor to give Holland the best production that has ever been staged here.

FIFTY YEARS AGO TODAY

The council of Hope college has engaged the services of Mr. John Gilmore of Grand Rapids as instructor in vocal music. Note: That was even before Dr. Nykerk and possibly was the stepping stone to Hope's School of Music.

Hon. Wm. O. Webster, Republican candidate for congress, spoke at Lyceum hall on the political issues of the day. There was a "torch light" procession before the speech and the band played from the opera house balcony.

The dry goods and grocery store of Steketee and Bos, River street, was broken into last Wednesday night and \$15.00 in merchandise taken. Our officers must be on the alert for such cases or our city will have to relinquish all claims on the right to furnish sheriffs for this county. Note: The store, a wooden structure, was located at the northwest corner of River avenue and Ninth street. The large James A. Brower furniture store occupies this property now.

Mr. A. B. Charter of this city showed the News a large peach measuring 10 inches in circumference. It was raised on his property on West Ninth street.

Farmers' "Market Day" in Zeeland Wednesday—now for fights.

Last Saturday night the propper Menominee is reported by her captain to have encountered in mid-lake a thick cold cloud which burst on her decks, covering them with snow and slush to a depth of six inches. For five minutes the air was cold as winter but as the ship moved rapidly the steamer was soon in a warmer atmosphere again and the snow soon disappeared. Never have the ship's crew experienced such strange weather change on Lake Michigan.

Ald. Reidsma publishes in the last De Grondwet a card in which he admits making a mistake in accusing the city clerk of falsifying the council proceedings. That is the honorable way of correcting a mistake—admit it. Note: Even then aldermen had "their moments."

TWENTY-FIVE YEARS AGO TODAY

Mrs. C. Van Raalte Gilmore, who has recently been elected president of the Woman's Missionary Conference, was presented with a fine gold pin bearing the coat of arms of the Reformed Church of America. It was presented by the Woman's Board of Domestic Missions. Mrs. C. H. Howell of this city, made the presentation and Mrs. Gilmore responded with feeling. Note: Mrs. Gilmore, the founder of this organization, is still honorary president. The union has been growing rapidly and has done much in behalf of the leper colony in South Africa.

Marriage licenses: Wm. Vander Schol, 23, Holland; Maggie Spruiel, 21, both of Holland. Note: Let us remind them there is a silver wedding due. Here is another nearly overlooked: Hessel Bremer, 26, Jennie Westen, 27, also of Holland.

October session. It all came about because Zeeland has stepped out of her swaddling village clothes into a full fledged city. C. Rosenraad was supervisor of Zeeland village and township; however, when Zeeland became a prospective city Mayor De Pree and Assessor Goosen assumed the role of supervisors, which was their right. However, the two Zeeland men did not have their proper credentials and Mr. Rosenraad who was also present, did. The tax rolls had been properly divided according to the new order but the supervisors of the rest of the county were reluctant about seating the representatives of the new Ottawa county city until the new supervisors were in possession of their credentials, which was impossible since Zeeland had not yet received its new charter as a city. The News files show that two days later, after the secretary of state had been heard from, the two Zeeland supervisors were seated.

Peter Dulyea, Wm. Thomas, Charles Harman and Dr. C. F. Sherman bagged 28 quail while hunting Tuesday. Note: Of these nimrod Peter Dulyea is the only one still living. Today quail cannot be shot. Twenty-five years ago quail were in abundance in this vicinity.

NAME WAUKAZOO MAN GROSS' SUCCESSOR TO HOLLAND C. OF C. POST

The appointment of Harry F. Wetter of Waukazoo as secretary of the Holland chapter of commerce was announced today by Frank M. Lieveens, president of the organization. Mr. Wetter succeeds Ernest C. Brooks, who has been serving as temporary secretary following the retirement of Charles A. Gross, former secretary.

Although no special projects are listed for immediate consideration, Mr. Wetter will begin active preparations for Holland's annual taffel festival to be held in May and he is also making preparations for the large Farmers' Institute to be held in the Armory in December which is an annual event and has been very successful.

Mr. Wetter thinks a great deal of Holland, using his words: "He is sold on it." He has lived at Waukazoo for the last five years and wants to cast his lot in this community, he states.

Although Mr. Wetter has never served as a secretary of a Chamber of Commerce in the past, he has been in contact with such activity. His cousin, the late O. Ray Stone, was general manager of the American City Bureau in Chicago for nine years. This bureau handles campaigns for Chambers of Commerce extending over the entire nation, having charge of approximately 800 different campaigns.

NEW LOOKOUT IS BEING BUILT ON NORTH PIER

The new lookout for the Grand Haven U. S. Coast Guard, which has been partially completed since the erection of the steel framework last June, bids fair to be completed within a short time as the carpenters are at work now upon the house of the lookout which will be most comfortable for the surmen on duty during the long watches.

The steel had been in storage here for several years awaiting the cement pier and substructure which was necessary before the new lookout could be erected.

The old lookout was moved from the pier to the sand dune nearby during the work this summer. It has seen many a hard blow and has withstood the gales until condemned several years ago.

Rock is being loaded at the north pier as ballast and repairs are being made to the east side of the north pier.

Miss Cora Vaude Water, Republican nominee for Probate Judge, was in Grand Haven yesterday.

Marriage license applications have been received from Charles W. Jobb, 25, of Grand Rapids and Evelyn Feast, 26, of Jenison and from Gerrit J. Timmer, 23, of Zeeland and Johanna Van Der Poppen, 19, of Grand Rapids spoke.

"Sam" Zwemer Too Ill To Fill Speaking Date

HOPE COLLEGE WILL HAVE
TO FILL IN WEEK OF
PRAYER WITH ADDED
SPEAKER

Dr. Samuel Zwemer had been scheduled as guest speaker for the first two days, but because of an unexpected length of illness it was finally necessary that he decline the invitation. Efforts are now being made to obtain some able substitute.

The annual Week of Prayer of Hope College will be from November 7 to 11 this year. Dr. J. Timothy Stone, pastor emeritus of the Fourth Presbyterian Church of Chicago, and associated with the Presbyterian Theological Seminary also of Chicago, will lead the meetings on Thursday and Friday. On Wednesday, Miss Julia Walvoord, President of the Y. W. C. A., and

These are preliminary steps taken under the banking laws of the state of Michigan and the steps that are to be taken to reopen the bank at a future date will be fully discussed by Mr. Jalving and others who are conversant with such matters.

PEOPLES STATE BANK DEPOSITORS WILL MEET

Clarence Jalving, receiver of the Peoples State Bank of Holland, has called a meeting of all the depositors of the bank to meet on Thursday evening, Nov. 3, at 7:45 o'clock at the Holland Armory for the purpose of discussing plans for a reorganization of the banking institution.

These are preliminary steps taken under the banking laws of the state of Michigan and the steps that are to be taken to reopen the bank at a future date will be fully discussed by Mr. Jalving and others who are conversant with such matters.

Mr. Jalving urges all to be present and all the details of vital interest to all depositors of that bank will be fully discussed.

SENATOR VANDENBERG HERE ON NOVEMBER 4

Senator Arthur Vandenberg is to speak at the Holland Armory next week, Friday, Nov. 4. He comes under the auspices of the Young Men's Republican club of Holland.

Mr. Vandenberg being one of the most brilliant speakers in the state, it goes without saying will have a well filled house.

The Colonial orchestra and the Holland American Legion band will feature in the musical program.

GRAND HAVEN PLANTS WORK OVERTIME

Light in the Kiddle Kover plant and the Peerless Glove factory at night and whirling machines tell the story of overtime employment necessary to turn out the large number of orders which are flooding these factories at this time.

The American Brass factory and the Grand Haven Brass Foundry are two more factories, manufacturing metal goods, that are employing overtime labor to supply the demand for goods from markets that are depleted due to the previous narrow buying.

Car loadings are picking up somewhat and an increase in power has been seen here during the past month, an encouraging indication that conditions are better.

Chemicals Use of Store Owner and Fire Alike

ZEELAND JEWELRY STORE
BLAZE THREAT TO DOWN
TOWN DISTRICT

Late Saturday afternoon, just after five o'clock, when Mr. B. L. Post was absent from his jewelry store taking mail to the post office a fire was discovered in the rear of his store by the proprietors of Lokers Bros., operators of a barber shop directly across the street.

By the time the alarm was given and the fire department arrived, Mr. Post also returned and was busily throwing water against the burning ceiling and partition. The store building was so filled with smoke that when the fire department arrived and took in their chemical extinguisher to play on the flames, they were not acidentally sprinkled him with a dose of chemicals as well.

The boys scouts returning to their quarters above the store, made haste to carry their property and regalia down the rear stairway to safety. After the firemen had chopped a hole in the second floor, the seat of the fire, apparently among a mass of wires, was soon drenched and its progress stopped.

Nothing definite is known of the fire's origin. The furnace has no fire in it, nor was there fire in close proximity to the chimney. The damage to the building is not large, but a new partition and ceiling and a part of the floor will have to be rebuilt.

There was considerable damage to Mr. Post's jewelry stock by water and smoke, especially a display near the rear of the store, where he had been preparing some of his holiday merchandise.

This Saturday the Coopersville Peoples Bank depositors will hold a meeting with the state bank department, and the receiver preparatory to reopening this institution shortly. The bank was closed a year ago. Forty per cent of the Michigan closed banks have already been reopened and several more will be opened in November. The loss thus far over the entire banking system of this state is not over one per cent.

ZEELAND EDITOR GETS REAL ANGRY ABOUT A BOOBY LIE

Why refute ridiculous lies? Because there are always ridiculous people ready to believe them.

The story was circulated at Zeeland that President Hoover made his speech in the Olympia auditorium at Detroit, Saturday night, in a steel booth with only his head exposed to view. That is just another lie sponsored by a Democrat who made himself ridiculous in an attempt to ridicule the president.

President Hoover was not guarded by any mechanical contrivance visible to the audience, to which the editor of this paper as well as three other Zeeland citizens who were present there can testify.

President Hoover spoke on an open platform completely visible to his audience, many being seated behind and alongside as well as in front of him. The only obstruction was a small stand that served as copy holder. — Zeeland Record.

Editor's Note:—Don't worry, Editor "Van." They undoubtedly meant Hoover's words were as strong as steel—as his deeds as true as steel—and his faith in his country and in his people like steel of tensive strength. Van, that's an armor worth wearing.

These are preliminary steps taken under the banking laws of the state of Michigan and the steps that are to be taken to reopen the bank at a future date will be fully discussed by Mr. Jalving and others who are conversant with such matters.

POSTPONE VOTE ON CITY MISSION; WILL WANT MONTH

The Holland Exchange club postponed its vote on turning the city mission over to the Salvation Army after John Vander Veen and George Pelgrim had spoken, pro and con on the subject. A further looking into the matter will hold the vote up for a month.

The speaker Wednesday was Professor E. V. Jotter of the school of forestry and conservation, University of Michigan. He discussed "Starting a Community Forest."

Slides shown by Professor Jotter pictured the various movements in progress about the state toward reforestation, which is required because of the unconservative methods practiced in former years. At present Michigan is able to produce but one-third as much lumber as it consumes.

No More Mah Jong

What has become of the miniature golf courses of yesteryear? Or was it the year before that? They are gone, and it is no longer necessary to walk three blocks after supper in order to pay money for the privilege of batting a small ball through a half-buried stove-pipe in such a way that it will avoid the bucket of water sunk at the other end. Some half-dozen courses are operating around town, but the fad is ended.

A lot of things have disappeared recently. Mammy songs, for instance. Who has heard any mammy songs in the last two years? And who has missed them? College campuses no longer look like zoological gardens since the raccoon coats went out of style. It is now possible to sink into a barber chair, say "Haircut," and not feel bound to have a shave, massage, shampoo and manicure in addition, to avoid a guilty feeling. Permanent waves are a lot more permanent than they used to be, too.

The economic oracle is passe. So is the night club. The game of "Ask Me Another" is gone. Who cares where Kamechatka is, or whether Stephen Foster or somebody else wrote the "Old Oaken Bucket"? Of course, we still have jigsaw puzzles, but contract bridge, unlike auction, is only played by those who enjoy it. Crooning is on the wane, the most recent channel swimmers got no headlines, and \$18 shoes, \$50 tickets to prize fights and \$125 suits of clothes have all disappeared. If somebody would only revive the waltz, now.

Homestead Exemption

A Menace

(Grand Rapids Press)

At the request of The Press five members of the city assessors' office under the direction of Assessor J. D. Forsyth spent nearly a full week checking over resident property descriptions to determine the amount that would be cut from the city's valuation if the homestead exemption amendment, the fourth proposal on the November ballot, were to pass.

For this work the assessors' office deserves thanks not only from The Press but from the entire city for its efforts to place before voters information they should have before attempting to arrive at a decision on this question.

Results of this checkup, published in The Press Friday, show that nearly three-fourths of the residential property value of the city would be sliced from the tax rolls—approximately \$74,000,000 from a total of around \$100,000,000. And from the total city valuation of \$243,775,021 the homestead exemption would cut off almost \$80,000,000 or nearly one-third.

If this exemption had applied this year, it would have meant that the city tax rate, instead of being slightly more than \$15 per \$1,000 would have been boosted to \$22.50 or one and a half times the present rate if the same amount of taxes were to be realized. The combined city and school tax would have been around \$33 per \$1,000 instead of slightly more than \$22 and the combined city, school, county and state levies would have called for at least \$44 per \$1,000.

Actually, however, it would have been impossible to levy such rates, limited to \$10 per \$1,000 for operating expenses. The city, therefore, would have been unable to place \$300,000 in its budget for welfare relief, and the schools would have had to make wholesale readjustments, closing down buildings and discharging scores of teachers. The city also would have had to reduce its functions to an impossible minimum.

But what would happen to Grand Rapids would be only a fraction of the havoc that would be caused in smaller cities and villages where residential property makes up a far greater proportion of the total valuation. In some of the smaller towns where there is virtually no industrial property the loss probably would be as high as sixty per cent or more.

This would bring about the same menace that would be threatened by the tax limitation amendment, the second proposal on the ballot, pointed out in these columns Saturday. It would force the state to turn to other tax sources which would be collected largely from the urban areas for the benefit of rural districts and smaller towns which would be unable to exist under either the tax limitation or the homestead exemption measures.

The amount of exemption shown by the assessors' figures, however, might be greatly augmented by a further provision in the proposed amendment, which permits the property owner to set his own valuation on condition that he will agree to sell at that price if any buyer appears within sixty days. In a time like the present when buyers are scarce, not available at the price, hundreds of additional properties might thus be placed in the complete exemption class. Furthermore a wide loophole to fraud would exist in the possibility of setting a ridiculously low valuation, then selling to a third party, who would be the owner's own agent—merely repurchasing for oneself to hold the tax down.

Obviously this proposal is designed to throw the burden of property taxation entirely on industrial property and on the owners of better class residential property. It not only would drive industry from the state, but it would discourage the construction of good homes. The city assessors' office has placed the homestead figures before this community without comment. It is simply a statement of fact. But the figures speak for themselves. Every citizen who has any regard for the welfare of his city should study them and see for himself the danger that this preposterous proposal holds for municipal stability—and for county and state stability as well.

The homestead exemption and the tax limitation amendments are menacing pieces of legislation. Together they would spell financial ruin to every governmental unit of the state. And passage of either one without the other would cripple these units irreparably.

A Point to Remember

Senator Reed Smoot speaking in Utah declared that not a single sugar beet factory will run in the United States if the Democratic tariff plan as approved by Gov. Roosevelt is placed in operation. Since the Democrats have persistently opposed any tariff provision designed to prevent extinction of the domestic sugar business through exposure to competition with the product of cheap foreign labor, Mr. Smoot's assertion may safely be accepted at its face value. The beet sugar business could not possibly survive without tariff protection and it would not get that protection from the Democrats.

With 11 beet sugar factories operating prosperously this year in Michigan and with thousands of farmers and workers profiting thereby in a way that will keep them from want this winter, that point is one for the voters of the state to remember on Nov. 8, particularly as there is every prospect for a considerable expansion of the sugar-making business of the state, if legislation giving it a chance for its life can be kept on the books in Washington—Exchange.

If this be true the prospective opening of Holland's sugar factory is a matter of serious consideration. Those back of the project have received splendid encouragement from the farmers of Ottawa and Allegan counties and under proper condition there is no doubt but that the Holland plant will be opened as well as a dozen other plants in the state were able to do and paying collectively more than ten million dollars to farmers of Michigan not considering the labor required to conduct these sugar plants.

FLOAT PARADE AND MASS

MEETING TO OPEN CEREMONIES

This week, Friday and Saturday, Hope will celebrate her fifth Annual Homecoming. The committee, under the able direction of Herbie Marsilje, has been working hard and faithfully in order to make this year's homecoming better than the best thus far.

On Friday the festival will begin with a bang. At exactly seven o'clock in the evening the parade will start. The committee has tried to make the parade more unified this year by suggesting a general theme. It is hoped that this theme will be revealed during the parade. As has been the custom, a valuable prize will be offered for the best float.

The parade will end at Carnegie Hall, and a pep meeting together low. And what a program! It has been rumored that it is going to be sponsored by the Amalgamated Toothpick Comb and it seems that the officials of this company are going to call their program the "Big Broadcast." Of course, we cannot vouch for all this but we can guarantee a short, lively meeting. You will miss a lot if you miss this.

The highlight of Homecoming is the football game between Alma and Hope. We have been assured that some very complete programs will be sold at the game which will facilitate following the plays. This is being done as a special courtesy to the spectators. Of course, we must not forget our Freshmen during this activity. The Fresh team will be trying to bring home new laurels wrested from Western State Freshmen and at the same time Hope will be trying to make up for its defeat last year.

After the game Mrs. Durfee and the girls at Voorhees Hall will entertain the visitors at one of their famous Koffee Kletzen.

The societies in order to show their willingness to cooperate, have made detailed plans for the entertainment of their Alumni. We have been told that all the societies are planning to decorate their houses more beautifully than ever before and that Alumni stag banquets have been carefully planned in order to climax the fifth Annual Homecoming in a most fitting way. The girls' societies are also planning to further entertain their Alumni by giving them banquets after the Koffee Kletzen.

Herbie Marsilje, as general chairman, has been working hard to make this Homecoming the best one in the history of the school. He is being assisted by Vivian Behrman as Publicity Committee chairman; Mark Brower, officiating as chairman of the Music Committee, and Lloyd Chapman as chairman of the Decoration Committee. The latter is being assisted

HOLLAND FOOTBALL NEWS

The rival football teams of Alma college and Hope college will clash Saturday at Riverview stadium in the feature attraction of the fifth annual homecoming program at the local institution. The game will be played on Saturday afternoon starting at 2:30 o'clock.

Hope and Alma will be nearly evenly matched for the homecoming struggle. The Presbyterians will outweigh the Hope line some 17 pounds to the man, but the Dutchmen will match this advantage with speed. The backfields of the two clubs are about the same weight. Alma will have one of the best line-plungers in state college football in Capt. Norman (Bull) Borton, while Hope will offset the power plays with a forward passing game.

Last week Hope won a brilliant 46 to 0 victory over the erstwhile undefeated eleven from St. Mary's college of Orchard Lake. In this game Japiga, Hope's all conference halfback, flashed as one of the greatest gridder Hope has ever produced. Japiga accounted for five touchdowns, throwing passes for four of them and scoring one himself. He also added three extra points to round out his work for the afternoon.

This week gloom has pervaded the practice fields at Hope, as Japiga, Bonnette and Klomparsen, three regulars, were absent from the workouts. Japiga and Klomparsen are expected to be ready for the Alma fray, but Bonnette's "kick" knee, which he injured in practice, may keep him on the sidelines for the major part of the game.

The Hope college freshmen will travel to Kalamazoo Saturday morning to meet the Western State Teachers Frosh in a game starting at 10 o'clock. The yearlings, under the tutelage of Coach Henry Steffens, are out for their first victory of the season.

The record of the Hope varsity for this season follows:

GYPSY GIRLS LIKE GYPSIES

A few days ago a band of gypsies passed through Zeeland. They carried their packs, wrapped in bandanas on the end of a stick. If one had followed them he would have seen them go to a woods for a rendezvous and would have found them to be members of the Zeeland Senior Girl Reserve club.

While the romany stew was cooking in a large kettle above the fire, all the girls joined in playing games. First they played Tap on the icebox and later Red Light.

Then all the gypsies gathered round the fire and told stories. Esther Vander Bosch related some historical facts about the origin and customs of these picturesque people. Gypsies live a happy life and sympathize with each other. If one member of the tribe is sorrowful they all are. They think a great deal of their children, even though small children are baptized by holding them above a fire. A gypsy baby is never given the same amount of care as other babies are. It is subjected both to cold and rain. One thinks that the gypsy thinks the child should be able to endure it. Beatrice Borr spoke about gypsy signs. These are left along the roadside for a fellow tribesman to interpret.

At last the stew was done. Everyone came crowding up with her bowl to get her share. Everyone was hungry.

Soon appetites were satisfied and the time came for gypsies to put out their fire and wend their way homeward.

Am I Entitled To Advancement?

FIRST I again wish to thank the voters of Ottawa County for giving me that splendid majority for the Probate Judgeship at the recent primaries. During my fourteen years as Register of Probate in Ottawa County I have acquired a thorough knowledge of the workings of this office. My studying of the law for two years in the law office of Judge Miles has given me an insight into the legal phases of probate work, which I have especially followed.

I feel that the citizens of Ottawa County do believe in giving me a chance for advancement in this work and I ask you to again extend to me your kind consideration in the November election.

With sincerest appreciation,
CORA VANDE WATER,
Republican nominee for Judge of Probate.

FURNITURE INDUSTRY
STEADILY IMPROVING

Steady improvement in the furniture industry in Grand Rapids is reported in the monthly bulletin issued by Seidman & Seidman, accountants.

"For the third successive month," the bulletin says, "the furniture industry has made steady and effective progress. September was the best month for the industry thus far in 1932, both in new orders and shipments."

"Orders booked during the month were 26 per cent greater than those of August, and this notwithstanding that August showed an increase of 25 1/2 per cent over July. Shipments in September increased at an even greater ratio than new orders, total shipments being more than 34 per cent in excess of those for August."

"Payrolls increased substantially during September, both as to the number of employees engaged and as to the dollar amount."

STUPEFY FISH, CATCH 'EM EASILY

A new practice to simplify angling adopted by certain Missouri fishermen has caused officials of the Game and Fish Commission of that state much concern. It consists of placing a nut-hull pulp in a lumpy bag and throwing it into a likely fish retreat which causes the fish to become stupefied so that they can be taken from the water with gigs or by hand by the hundreds. The commission is studying the best method to eliminate this vicious practice.

Supervisors
Save \$294,904
In This County

THERE HAS BEEN A WHOLE-SALE SLASHING AND CUTTING AND KICKING OUT OF OFFICE BY SOLONS

Deputy Sheriff Den Herder Twice Vindicated—Bowen and Borch Get Worst Salary Cuts

The Board of Supervisors have adjourned the long October session after one of the most stormy gatherings in many years.

The fall session is always the banner session of the year and if there is something doing then is the time you will hear about it. This session all supervisors came to Grand Haven with one thought—to cut expenses to the bone and "did they do it—you're asking me?" They not only cut all county officers way, way down but they abolished several others as has already been published in the News. Here is an example of how deep the knife of economy went into county expenditures for the coming year:

The total amount of the Ottawa county budget for 1933 adopted by the board of supervisors today was \$159,864, which is a drop of \$84,576.13 over last year's figures. The Covert road tax at large of which was placed under a separate head, in reality adds that much more to the general budget figures. The total amount of taxes to be raised in Ottawa county this year is \$1,410,319.87, a drop of \$294,904.73 over last year. Of this amount the state tax is \$190,558.44; the township tax, \$66,779.31; the school tax, \$478,514.45; the road repair tax, \$31,411.09; the highway township tax, \$27,819.98; the county tax, \$159,864.

Salary paring began toward the close of the session when the board showed a determination to make drastic reductions in every office. Personalities came up in fixing the salaries, especially, it was charged by Mr. Misner, in regard to the drain commissioner, who was reduced from \$1,800 to \$1,000. Mr. Misner objected bitterly that such an unreasonable cut be made.

The salary of the probate judge, \$3,600, is fixed by law and cannot be changed by the board. The board, however, recommended the successful candidate in the coming election be asked to accept \$2,500 a year as salary. Register of probate was cut from \$2,000 to \$1,500 and deputy register of probate from \$1,500 to \$900.

County Clerk Wilds was cut from \$3,200 to \$2,500 and Deputy Clerk Anna Van Hossen from \$2,000 to \$1,800. County Treasurer De Herder will receive \$2,000 instead of \$2,800 and the salary of the deputy treasurer remains at \$1,200 in spite of a recommended raise to \$1,350 by the committee on county officers.

The chairman of the road commission, Austin Harrington, was asked to accept \$950 instead of \$1,000, although this is optional for the remainder of his two-year term. The full time road commissioner was cut from \$3,400 to \$2,760 and the other road commissioner will be asked to accept \$760 instead of \$800. Both officers whose salaries are fixed by law have indicated they will take the cuts.

The salary of the school commissioner, Gerrit Groenewoud of Holland, \$2,000, is fixed and was not touched but the allowance for clerk hire was reduced from \$800 to \$400.

Colon C. Lillie and L. J. Hinkin of Coopersville, appeared with a request for financial aid from the board for the Marnie fair. They asked \$1,000. The request was referred to the finance committee and later was denied.

The sheriff's office was cut to \$4,000, or \$200 less than the committee recommended. The old salary was \$4,200. The undersheriff will receive \$1,600 instead of \$1,800, as recommended and the deputy sheriff, \$1,500, a reduction of \$100. The register of deeds office was cut \$200 from the recommendation of the committee, bringing that office to \$2,000, the old salary being \$2,200. The deputy was cut from \$1,350 to \$1,200. The matron of the jail was cut from \$750 to \$600. The deputy clerk in the road commission was left at \$1,800, the amount received after the voluntary reduction.

The salary of the engineer-manager of the road commission was given the largest cut of any in the county. Mr. Bowen had been receiving \$5,720 and was cut to \$4,800. The assistant engineer was cut from \$3,000 to \$2,400, and the maintenance engineer from \$3,000 to \$2,200. The deputy secretary of the road commission was cut from \$2,080 to \$1,800.

The prosecuting attorney was allowed \$2,500, the recommendation of the committee, and the clerk for that office, \$500.

The health department officials were cut a total of \$1,390, or the amount of the voluntary cut taken last June. The court house custodian's salary remains the same, \$1,350, or \$50 higher than the committee recommended.

Sam H. Bosch of Holland appeared in behalf of the soldiers' relief commission, asking allowance of the \$100 for each commissioner and the extra \$100 for the secretary. The committee on county officers report was against accepting this arrangement.

The Soldiers' Relief commission was given an appropriation of \$5,000, which is about one-half what the commissioner requested. The commissioners will receive \$3.00 per meeting, the meetings not to exceed 15 per year, and the secretary is to be paid \$50 extra. Mileage will also be given on the same basis as the supervisors are paid.

The commission is composed of three members appointed by the judge of probate. Two of them must be former soldiers, sailors or marines of the Spanish war, or World war; the third, a citizen at

The Boogey-man Specialist

large. The present commission includes Dr. A. E. Stickley, Coopersville; George Borch, Grand Haven township; and Sam Bosch, Holland. Borch is a Spanish war and Bosch a World war soldier. The officers elect a chairman and secretary. One member is appointed each year for a term of three years.

George Borch, drain commissioner, who was cut badly, largely because there is little county drain work to do now, appeared before the board to point out that the small sum of \$600 spent in the office this year was no criterion of the amount of work that was done previously or would be done in the future. The drought of the past three years made it unnecessary for the farmers to provide drain, Mr. Borch said, but that does not say that work won't be piling up when conditions change.

At the close of the session the board of supervisors sliced another item from county expenses when they voted to abolish the office of the paid deputy at Holland by a vote of 21 to 7. The action eliminated approximately \$2,500 from the cost of the sheriff's department. The Holland deputy is Rufus Cramer, and undoubtedly he will be jobless by Jan. 1st.

No recommendation was made by the committee regarding the deputy at Holland beyond citing testimony of Sheriff Steteket, Chief of Police Peter Lieveens and other Holland police officers, and both candidates for sheriff, that the office should be continued.

The office of chief deputy was originated several years ago when Del Fortney was sheriff. At that time it was felt, stated Rufus Cramer, who appeared before the officers, that the population was more concentrated in that section and there was a large amount of work originating there that could not be quickly reached by the sheriff's office.

Complaints were voiced at the board during the opening session as to the doubling up of deputies' fees. Mr. Cramer admitted that he had no way of checking these matters and asked the board to vest in him the authority which would compel all such matters to pass through his hands.

The discussion this morning centered on the value of the office to the county with the result that it was thrown out.

Marvin Den Herder, former undersheriff, who was under fire through a statement said to have been made by the sheriff, was unanimously cleared of all charges. The committee on county officers, with the addition of Peter G. Damstra of Holland and Albert Hyma of Holland township, Dick Smallen and Henry Marshall, formed a special committee to investigate charges repeated against Den Herder by the sheriff. The former undersheriff had been cleared by the board at an earlier session this year.

The committee report was to the effect that the county had suffered no money loss through the practice in vogue at the jail of borrowing small amounts of money from fees kept in the safe, the borrower acknowledging the loan with a due sheet. This practice had been customary for years and while the committee thought it should be curtailed by the official in charge, investigation showed loans thus taken had always been repaid. Acceptance of this report was unanimous.

Township taxes with items included for relief work are the only taxes to mount over last year. The township highway tax for 1933 is \$28,660.31 less than 1932 because of aid received through distribution of the state weight tax under the McNitt act.

No appropriations were given the county fair. The Michigan Tourist and Resort association received

\$400 instead of the requested \$600. The mileage allowance for supervisors, county officers, and committees, was cut from seven and a half cents a mile to five cents a mile. Extra help in the county treasurer's office was left at the discretion of the committee on county officers.

The report of the committee on roads, drains and ferries, was accepted without comment or change. An appropriation of \$1,000 was allowed for the school census although it had been proposed to discontinue the census this year as a measure of economy. Last year the census appropriation was \$1,200.

With the saving in state tax of \$40,473.54, the total saving to the county is \$165,990.94. The 1932 state tax is \$190,558.44.

Outstanding among the economies effected for 1933 was a \$50,000 cut in the road commission budget. The 1933 budget is \$25,000. Another slash was in the Covert road tax, \$9,895.04 this year compared with \$53,255.13 for 1932, a \$43,360.09 saving made possible through money to be returned from the weight tax under the terms of the McNitt act.

Salaries of county officers were reduced a total of \$14,935 with a probable additional saving of \$1,300 in judge of probate should the next judge accept \$2,500 as salary. The item for probate judge in the budget is \$3,800 as required by law. The salaries were reduced from five per cent to approximately 45 per cent in one cut.

The offices of agricultural agent who received \$1,800 from the county with \$800 for clerk hire, and home demonstration agent at \$800 a year were eliminated along with a \$35 item for 4-H club work. The \$2,500 full time deputy sheriff at Holland was also eliminated.

On motion of Supervisor Peter Damstra of Holland the stormy session adjourned, the motion being entertained by Chairman George Heneveld of Park township.

DEMOCRATIC MEETINGS
WILL BE HELD IN COUNTY

Democratic rallies are to be held over the county between now and the close of the campaign, when Winfield H. Caslow, candidate for congress from the fifth district, will be one of the leading speakers.

John Dolfin, Jr., of Muskegon, fiery orator, is scheduled for a number of meetings this week. He will appear at Grand Haven at the Woman's club building on Friday evening. He appeared at Olive Center Tuesday and during the balance of the week rallies are being held at Conklin, Marne, Coopersville, Allendale, Borculo, Jamestown and Zeeland.

Charles E. Misner of Grand Haven and Dr. Frank C. Jarvis, Grand Rapids, will talk at Coopersville, Marne and Conklin Oct. 28, and later at Jamestown and Zeeland. Efforts are being made to line up a third rally in Grand Haven with either Judge Arthur J. Lacy of Detroit or Edward Frensdorff of Detroit as speaker.

FISH TUG IS TAKEN TO
GOVERNMENT PIER

The fish tug Navarre, which has been tied up at the coast guard station for several weeks, was towed to the government pier at Grand Haven where she will be held by the government pending the release. The tug, fishing off that port for the past several months, was seized by Capt. William Preston upon order of the U. S. customs office at Detroit. No reports as to the disposition of the boat have been made public from that office.

Bouws' on Western Trip
Go "Through Seven States"

Holland City News, Denver, Colo.

Dear Ben: Mrs. Bouws and I are enjoying a real treat touring the west in our car. The roads nearly all the way have been excellent. We have had some rolling prairies, a little desert, some high hills to climb in the Missouri Ozark district and also several mountain passes to travel through and over.

Crops have been rather "spotty" in the west, wonderful in Missouri and southern Illinois, not so good in Kansas and Nebraska. There sure is a big crop of politics in the farming country and we had a taste of what a "farmers' strike" looks like, especially in Iowa.

It was our privilege to motor over the high bridge crossing the Mississippi river from southern Illinois into Missouri. No wonder it is called the "Father of Waters." Black Lake in comparison is only a mill pond.

They make you go at least 40 miles an hour over this bridge to prevent traffic congestion.

The trip through the mountain countries always is wonderful and the scenery is grand, especially in Colorado, making us realize how small we really are compared with God's universe. We saw Pike's peak from a distance but did not climb it.

Denver, Colo., is one of the best lighted cities in the west, and has a large arched "Welcome" sign spanning the entrance to the city at the depot.

We also stopped at Pueblo and saw a Mr. Harrington, formerly from Holland—he was nearly overcome when he saw us so glad he was to see some one from Ottawa county. At Pueblo they say you change trains for Reno (divorce and gambling headquarters).

We didn't go in that direction for neither the Mrs. nor myself were seeking a divorce but rather a second honeymoon. Well, Ben, it is a fine trip. I know you have made it before so you can appreciate the pleasures of such an outing.

Your friend,
JOHN R. BOUWS,
Zeeland, Mich.

Dr. William M. Tappen
Named Health Officer
By Council at Holland

Dr. William M. Tappen has accepted his appointment as city health officer, which was made at a special session of the city council Friday night. He succeeds Dr. William Weststrate.

Dr. Tappen was graduated from the University of Michigan medical school in 1916 and came here in 1919. He has since been engaged in general practice at Holland. He was a classmate of Dr. Weststrate at Michigan.

Dr. Tappen served as lieutenant in the medical corps in the World war and has practiced since his graduation from University of Michigan in 1916.

The board of police and fire commissioners has ordered the purchase of a Thompson submachine gun, two additional steel jackets and a tear gas gun capable of routing a mob at a distance of 1,000 feet. This equipment, with four army rifles recently placed at the disposal of officers and vigilantes, is calculated to thwart hold-ups.

Zeeland high's eleven clinched the class C championship of Ottawa county Friday by defeating Coopersville, 6 to 0 at Coopersville. Kaw recovered a blocked punt over the goal after two in a row had been blocked by Capt. Boor of Zeeland. Zeeland threatened several times in the last half, but after their lone score in the third quarter failed to put over another touchdown.

Fastest Hen
Takes Second
In Egg Contest

EMULATES TURTLE AND RABBIT RACE IN FABLE STORIES

The famed race between the hare and the tortoise is somewhat paralleled by the egg production race recently concluded at Michigan State College where a Barred Rock hen which laid 301 eggs won first place while a Leghorn in the same contest laid 314 eggs during the year.

The winners are decided by the number and the weight of the eggs. The eggs of the Barred Rock weighed 40.82 pounds while those of the Leghorn weighed 36.3 pounds. Each hen consumed approximately 91 pounds of grain, mash, buttermilk, and cod liver oil while making these records.

First place winner in the contest was owned by Frank Teasdale, Concord, Ont.; the 314 eggs were laid by a hen owned by H. A. Keister, Bangor, Michigan.

Owners of birds which laid 300 or more eggs during the year are: H. A. Keister, Bangor; Frank Teasdale, Concord, Ont.; Munja Garden Farms, Bangor; Townline Poultry Farm, Zeeland; Dundee Poultry Farm, Dundee; Freshley Leghorn Farm, Atwater, Ohio; Kempsville Agricultural School, Kempsville, Ont.; Carey Farm, Augusta, Ohio; J. A. Hanson, Corvallis, Ore.

The Michigan State College contest is the only 1,000-bird contest continuing in the United States. Entries in all others have fallen below the 1,000 mark.

MUCH LOOT IS TAKEN
FROM HOLLAND STORE

Police are seeking clues to the burglarizing of Harry R. Doosburg's drug store some time between Saturday night and Sunday morning.

Reported missing Monday were 47 boxes of cigars, 51 others having been recovered in an alley near the store; 35 cartons of cigarettes, a quantity of tobacco, a double-barreled shotgun, an automatic shotgun, 3 boxes of shot and a box of shells.

The burglars kicked in a basement window, confining their activities mostly to a storeroom under the stairway. Virtually nothing was found missing from the store proper.

Several suspects were questioned yesterday, Chief of Police Peter A. Lieveens reported, but none was established as having a part in entering the store. One man was apprehended by Special Officer Ernest Bear yesterday in the alley east of the rear of the store, but he cleared himself when questioned.

Officer Bear also recovered automobile tires and tubes valued at \$33 in the alley at the rear of the Holland Vulcanizing company on North River avenue. It was learned the articles had been left in the alley by employees of the store, according to Charles Van Zyl.

HOLLAND LEGION WILL
RENEW DRIVE FOR NEEDY

At a meeting of the American Legion it was decided that the organization will conduct its annual drive for used clothing for distribution to needy persons, and in addition will take over the toy project launched last year by the Holland fire department. Used and new toys will be received and given to children whose parents cannot afford to buy gifts.

The clothing campaign will be conducted in co-operation with the city welfare department. The drive will be the third for the post in as many years.

SAND FENCE ERECTED AT
MICHIGAN STATE PARK

(Grand Haven Tribune)

Many feet of sand fence have been erected at the Oval to assist the state in keeping back the drifts of sand which annually cover the parking space and which costs the state a large amount of money each year to remove. The snow fence was lent to the state department by Ottawa county in an effort to keep the Oval open longer than usual. The fence stretches along the beach from one end of the state park to the other with several other stretches in the inside and along the high dunes.

The snow fences have been tried out previously and found to be fairly efficient in reducing the drifts of the drifts. While it will not entirely do away with the sand, road authorities believe it will help materially. Supt. Morse is still at the Oval, but he has not been informed yet whether the park will be kept open to the public much longer.

The Central Avenue Girls' society held a missionary meeting Tuesday evening in the church parlors with fifty members present. Miss D. Bareman, the president, opened with prayer. Readings were given by Misses C. Bos and M. De Vries. A duet was sung by Misses A. Bos and C. Last. Mrs. C. J. Dremman gave an interesting talk on "Leprosy in Africa."

An offering was taken for leprosy work. Refreshments were served and the meeting was brought to a close with group singing and prayer by Mrs. Dregman.

Allagan people have enjoyed ripe home-grown strawberries ever since June up to the very present. Lately of course they were of the ever-bearing sorts. These lack somewhat the piquancy of the June berries but they are sweet, well flavored, and in all ways delicious. There are ever-bearing red raspberries also, corresponding in qualities with the strawberries, but they are not as yet so much grown. Last week, however, Mrs. William G. Wallace of this city picked two quarts of them. They are as readily produced as are the other varieties.

VANDENBERG PHOLDS SUGAR TARIFF RATES
Alma, Mich.—Senator Arthur H. Vandenberg brought the Republican campaign to the heart of the Michigan sugar beet territory Tuesday night and asserted that a Democratic victory would threaten the future of that industry. Gov. Franklin D. Roosevelt, he said, is committed to a reduction of the sugar duty to 20 per cent ad valorem. "Any such reduction in the sugar tariff would mean that the American farmer could not possibly get more than 82 cents for their beets," he said. "Is this the Democratic idea of farm relief? No wonder foreign producers are cheering the Democratic nominee." He displayed a copy of a Cuban newspaper which produced a letter purporting to be from Governor Roosevelt thanking Cubans for their congratulations upon his nomination. "We cannot make Cuban farmers and American farmers happy simultaneously," he said. "The Republican program insists upon caring for America first."

It Must Have Value Or It's No Bargain

Every year the market is flooded with low priced fuels. Trumped up trade — names and "sensational" prices are the bait.

Just remember that your fuel dollars must buy heat and good fuel is priced on the basis of its heat content. To deliver heat coke must be clean, and as free as it can be made from unburnable substances.

Our coke means uniform comfort in the home. That's why folks who give it a trial ask for our coke the next time they order. It is a large, blocky, clean coke.

Although it ignites quickly, it is one of the longest burning coals known. Bank it before you retire at night, check the drafts, and forget about it. In the morning you will be greeted with a bed of live coals "rarin" to go.

But nowadays there are few who are in so fortunate a position. Yet, unless you have money to burn in the sense that you have ample funds for restoring your property in case it should be damaged or destroyed, your pocketbook needs the protection of good insurance.

Locals

The Misses Nellie and Henrietta Zwemer of Holland arrived Thursday for a few days' visit with Miss Elia Mulder of Spring Lake.

Charles Melcher, six-year-old son of Mr. and Mrs. William Melcher, Route No. 1, Grand Haven, was accidentally shot at his home and was brought to Hattin hospital, where the bullet was removed. The gun was fired accidentally but fortunately the shot lodged in a part of the body that was not dangerous. The boy was taken back to his home the next day.

Complaint has reached the Gazette office to the effect that several boys have been shooting fox squirrels within the city limits, spe-

dally in the ravine off Ely street. This is strictly against the law, and we are informed that any one caught in this destruction of practically the only wild animal life within the city will be prosecuted to the full extent of the law. The squirrels have become so tame that it is very easy to get close enough to shoot them without any trouble. Many residents of the city have even made pets of the animals.

There will not be an open Hungarian partridge hunting season this year, according to the Department denying reports that such hunting will be permitted.

While the Hungarian partridge is fairly well established in portions of three or four counties in the extreme southern section of the state no general open season will be warranted for several years.

11 Year Old Twins Tip Scales at 160

Allegan county boasts many twins of all ages. But among the most outstanding of all of them are the Michaels boys, Berneth and Bernard.

Weighing only 4½ and 4½ pounds respectively when they arrived 11 years ago last January 4, in the course of a few years they have grown to considerable magnitude. Each weighs in the neighborhood of 160 pounds, there being not more than five pounds difference in the two. They are in the seventh grade in school and have the record of never having been absent nor tardy in the past five years. Their marks in school average about the same. They are unusually healthy and are inseparable companions. Their parents, Mr. and Mrs. Virgil Michaels, always keep them dressed alike and during the summer months they may be seen almost every night driving out to some lake to take the boys for a swim. Their bathing suits are turkey red and they attract considerable attention at the beach.

Their parents say the shorter one, Berneth, is the image of his maternal grandfather, while Bernard they believe resembles his father more. Allegan folks never are baffled as to which they meet if they are not together. They are the only children the Michaels ever had.

SEVENTEEN OTTAWA COUNTY COMMUNITIES WANT FARM CLUBS

Achievement day for boys and girls 4-H summer clubs will be held at Nunica, Oct. 29, at the Odd Fellows hall, beginning at 1:30 p. m. The 500 boys and girls who have been carrying on summer club work under Miss Esther C. Lott, home demonstration agent, and C. P. Milham, agricultural agent, will receive their honor certificates. Honor delegates to state club week will be announced. Awards from the Berlin fair for this year's exhibits will be distributed.

This will close the summer projects in canning and food study for girls, and calf, corn, potato, poultry, garden and rabbit clubs.

The following seventeen communities have requested Agricultural Agent Milham to organize 4-H handicraft clubs for this winter's work. This is the first time these communities have ever requested winter club work. These clubs will finish their club work by April 1, 1933.

Big Springs school, Chester, McDearmond and Lillie school in Wright township. Red and Eastmanville schools in Polkton township. French school in Crocker township. Peach Plains, Bignell and Pigeon Creek schools in Grand Haven township. Clark school in Robinson, Curry school in Alledale, Chrysler and Jensen schools in Georgetown township. Eagle school in Blenden, Robard school in Port Sheldon, Townline school in Zeeland and Bell school in Jamestown.

Last winter there were twenty-seven clubs with 283 members. This year it is expected that there will be 44 clubs with nearly 500 members.

Bible Is Source of Name "Nimrod"

Hunters are called Nimrods from Genesis 10:9, where Ham's grandson Nimrod is referred to as "a mighty hunter before the Lord." Bible scholars are not agreed as to just what is meant by Nimrod's being a "mighty hunter before the Lord." Some commentators accept this description in the literal sense of one who hunts animals, because many of the ancient Assyrian kings were noted for their prowess in the chase of wild beasts.

But "gibbor," the Hebrew word translated hunter in the Scriptures also means hero, and therefore some authorities interpret the phrase as signifying simply that Nimrod was a great warrior. At any rate, Nimrod has become the romantic name for any hunter.

Verdict in a suit in Allegan county which was instituted as the result of an automobile accident which occurred in December of 1930 on US-16 was reversed when the matter was carried to the state supreme court by the defendant, Abraham Van Anrooy, according to a notification recently received by County Clerk Tisdale. The higher court ordered that Mary Wyma, plaintiff and administratrix of the estate of George Wyma, repay the defendant his costs and that no trial be awarded. George Wyma was fatally injured in the accident from which the case originated.

The Allegan county board of supervisors adopted the tentative schedule of salaries for county officers which they recommended in June, with the exception of janitor of the courthouse which they cut another \$200 to \$600. The following is the schedule adopted, which includes clerk hire, except as otherwise noted: Treasurer, \$2,500; clerk, \$2,500; prosecutor, \$2,500; drain commissioner, \$1,000; school commissioner, \$2,000; probate register and stenographer, \$1,200; janitor, \$600; school examiner, \$125; soldiers relief commission, county road commission except chairman, sheriff and deputies where no fee is provided, members of board of supervisors, and superintendents of the poor, each three dollars per day; turnkey at jail, \$85; sheriff for boarding prisoners, fifteen cents; transportation, seven cents per mile. They asked that all officers who receive fees report the amount of same, also requested that all officers over which they have jurisdiction be kept open eight hours of the day.

A small building program is in progress at Fillmore. Justin Oetman has nearly completed a henery and Milton Timmerman, as well as Gerrit Zoet, are remodeling and painting all their farm buildings which shows a spirit of enterprise all who could follow.

Among the sick of Fillmore are Sylvia Vander Kamp, who will soon be discharged from St. Mary's hospital, Grand Rapids, after a successful operation. Miss Ruth Kronmeyer has fully recovered from her recent illness. Mrs. H. J. Kleinhessel is finding some relief from a month's illness with painful neuritis.

For some unknown reason the work of paving US-31 south of Douglas was ordered to stop and Senator Leland may have to go to Lansing to find the trouble. The part of the road now torn up could be completed by the middle of next week and it seems unwise to leave that road so that it cannot be used this winter as the detour over the Hooten road is not very agreeable.

A large number of men have applied to take the civil service examination at Allegan which will be held to fill a vacancy in the Fennville post office. Receipt of applications closed yesterday. This examination is for auxiliary rural carrier and, as there is no vacancy in the regular force of carriers, the chance for employment under this appointment is not very great. An auxiliary carrier must hold himself in readiness to take the place of a regular carrier when the latter is on vacation or unable to make his trip.

The Allegan county board of supervisors appropriated \$63,000 for the poor fund, and the following amounts to the several organizations listed: Star Commonwealth for Boys, \$300; Salvation Army, Children's Aid society, and Michigan Tourist and Resort association each \$200, and Sunnycrest Home for Girls, \$100.

George Klingenberg of Fillmore township was elected county school examiner, Martin Miner was re-elected superintendent of the poor and Martin Reed to the county road commission for the term of six years by the board of supervisors.

The annual cannonading which opened the hunting season resulted in the slaughter of a good many pheasants, squirrels, rabbits, and other dangerous animals. Orville Bohnsengle of Fennville shot an eight-pound Canadian goose as well as his quota of other game.

While on his way to Fennville to visit relatives Friday evening, Sheriff Bale of Paw Paw got out of his car to shoot a skunk, but the 38-caliber revolver was accidentally discharged, the bullet piercing his left side and coming out just below his shoulder-blade. Though he lost a great deal of blood it is now thought that he will recover, he being cared for in a Kalamazoo hospital.

The Fennville cannery factory began the processing of pears Tuesday and it will take a large force for some time to get about 35,000 bushels into containers. The factory will no doubt can more pears this year than ever before.

Mr. and Mrs. Dick Vander Kamp of Fillmore motored to Decatur, Mich., where they were the guests of Mr. and Mrs. John Sale, who are well known in Fillmore.

A Republican rally was held at the Big Pavilion, Saugatuck, Tuesday evening when the Secretary of State Frank D. Fitzgerald and Clare E. Hoffman of Allegan spoke.

Friday entered a plea of guilty and Judge Fred T. Miles sentenced him to serve from 18 months to 10 years at Ionia reformatory.

ZEELAND

A Halloween festival is to be staged in Zeeland Oct. 31 by the American Legion, assisted by the physical education department of the public schools and Boy and Girl Scouts. The legion post is planning a good time for all the youngsters of the city. It will make the affair an annual event. The children will parade from the school to the city park. Witches, hobgoblins and jack-o'-lanterns will be out for the big parade. Prizes will be presented for various types of costumes. The parade will be led by the high school band. A special program is being arranged for all at the city park.

The Burt Post jewelry establishment, located in the center of Zeeland's business district, suffered an undetermined fire loss late Saturday afternoon. The fire was confined to the Post building as the local department extinguished the flames before contents of the store were burned. The loss caused by water and smoke cannot be estimated until an inventory of the stock has been taken. Troop No. 21 scout headquarters, located upstairs, was damaged. The scouts got their equipment out as soon as the fire was discovered. Defective wiring is blamed.
